Settling your Child

Always hand your child to an educator. Please do not leave your child at the door or alone in a classroom.

Send a favourite soft toy/book which will offer comfort to your child. Please ensure that they are labelled with your child's name.

Please feel free to participate in activities with your child.

Give your child clear clues as to when you will return to collect them e.g. at 3 o'clock.

If you feel that your child is becoming more unsettled due to your presence, discuss with an educator and leave as soon as possible.

Leaving with worries or concerns? Please ring us during the day, and we will let you know how your child is progressing.

If someone other than those nominated on the enrolment form is going to collect your child, please give written notice in the Permission Book and inform an educator. If they are unfamiliar to us, they will be asked for I.D.
