

STAFF ‘WELLNESS PROGRAM’ POLICY

According to the World Health Organisation, adults spend approximately one third of their lives at work. A range of workplace determinants can have a negative or positive impact on the health and wellbeing of an employee. Within our Service, we are committed to promoting a positive work environment where the health, safety and wellbeing of our employees is acknowledged and supported.

Wellness is more than just an active process of becoming aware of and learning to make healthy choices for our mental, physical and social needs to ensure our body is maintained and works efficiently.

Wellness is “about our overall state of wellbeing that enables us to live and function at our best.”

(Queensland Government, 2019, Healthier. Happier. Workplaces).

PURPOSE

We believe in providing a healthy workplace that values and enhances the health and wellbeing of our employees. Promoting wellbeing can help prevent stress and create a positive working environment where individuals and organisations thrive. *‘A healthier workplace means everyone wins.’* (Queensland Government, 2019, Healthier. Happier. Workplace).

SCOPE

This policy applies to educators, staff, management, approved provider and nominated supervisor of the Service.

IMPLEMENTATION

As our employees care for and educate children, it is essential to support them with the right tools and resources to make healthier choices to improve their own health and wellbeing. Employees who remain healthy increase productivity, enhance the workplace culture, and embody the healthy behaviours we convey to children on a daily basis. We believe in using the workplace for improving and maintaining good health.

Our Service is committed to developing a shared vision to improve the health and wellbeing of our employees. We believe the development of a *Wellness Program* may build an awareness of a healthy culture within our organisation and motivate and engage all employees to be involved in improving their own health and wellbeing.

Our Service promotes healthy wellbeing of all employees and strives to foster a supportive workplace environment aimed at reducing burnout and compassion fatigue. Our Service encourages management to refrain from contacting employees outside of work hours, unless the contact is deemed reasonable and necessary for business purposes. Additionally, disciplinary action will not be taken against employees who refuse to respond to non-urgent communication outside of their normal working hours, in accordance with [Right to Disconnect legislation](#).

WELLNESS PROGRAM
